## **Attachment B: Utah Outdoor Recreation Grant (UORG) Program Terms and Conditions**

### **1. PROJECT DESIGN, SCOPE OF WORK, AND USE OF FUNDS:**

- a. The scope of work for this grant contract is outlined in Attachment C. The Grantee hereby agrees to complete that scope of work and shall use the grant funding provided to achieve the goals and benchmarks set forth therein.
- b. Successful completion of the scope of work will be determined by the State, based on documentation of the completion of goals and benchmarks outlined in Attachment C.
- c. The Grantee shall comply with all applicable Federal and State statutes and regulations and will be responsible for obtaining and maintaining any necessary permits and approvals prior to commencement of the project.
- d. All requirements listed in the application and program guide for eligibility and required attachments are incorporated here by reference though not attached hereto.
- e. The scope of work is hereby termed the Grantee's project, which shall commence within one-hundred eighty (180) calendar days from the contract effective date and be completed on or before the contract termination date.
- f. The Grantee agrees that the project area acquired, developed, or improved pursuant to this contract shall not be converted to other than public recreational use without written notice and approval from the Director of the Utah Division of Outdoor Recreation. Furthermore, if the infrastructure developed with the Utah Outdoor Recreation Grant program funds is converted to another use, the other use must be of comparable value and may not be converted until both parties agree in writing to the converted use. The converted use must be in the same general location and will be provided by the Grantee.
- g. The Grantee shall maintain or ensure appropriate maintenance as determined by the State of all facilities and property covered by this contract in a safe, usable, and attractive condition. The project area shall be kept reasonably open, accessible, and safe for public use. Structures, trails, and trail infrastructure should be kept maintained throughout their estimated lifetime to prevent undue deterioration and to encourage public use. The State makes no claims to ownership or management interests of facilities constructed pursuant to this contract on lands legally owned by the Grantee.
- h. The Grantee shall provide evidence that the infrastructure project has county, city, or tribal approval and endorsement. A contract must be signed with the party who will maintain the recreational infrastructure for at least the next ten (10) years. Evidence supplied in the Grantee's application may fulfill this requirement. The State reserves the right to request updated documentation and proof of continued support and maintenance contracts at any time. The Grantee shall give the State reasonable notice of any change in the contract or endorsement status. Loss of endorsement or maintenance contract may constitute an event of default and result in a recapture of the grant funds.
- i. If the project is on Federal lands, the Grantee must receive approval from the lead agency responsible for compliance with the National Environmental Policy Act (NEPA). Loss of approval from or any violation of Federal regulations shall constitute an event of default and result in the recapture of the grant funds. The Grantee shall give the State reasonable notice in the event that approval for the appropriate public entity has been rescinded or denied. Proof of approval shall be provided and updated as requested by the State.
- j. All property on which Utah Outdoor Recreation Grant infrastructure-funded projects are located must be owned by or under the control of the Grantee (e.g. local government or conservancy) or public agency that has partnered with the Grantee. If the project crosses private property, as in the case of a trail, a contract must be reached with the property owners to allow the general public right-of-way. This should be documented with a Grant of Easement and Right-of-Way. Proof of ownership and all relevant contracts shall be provided to the State before the completion of the project. Lack of proof shall constitute an event of default and may result in the recapture of the grant funds.
- k. The infrastructure project must have an endorsement from the local economic development office or designated local tourism office stating that the project will have the ability to attract growth and retention in the community/area and/or have the potential for increased visitation to the area. The project shall meet the qualifications of Utah Section 63N-3-109. This requirement can be fulfilled by the endorsement provided in the Grantee's Application. If the status of the endorsement changes the Grantee may provide reasonable notice in writing of such change to the State. The State reserves the right to recapture all grant funds if the endorsement is rescinded and it is determined by the State that the project has no or little economic impact.
- l. The Grantee must check with the Utah Department of Wildlife Resources (DWR) to ensure the project is not in a special management area for endangered species such as the Sage Grouse. If the project is in or

close to a special management area it must first secure written approval from the DWR. DWR may continually add or remove species from the list of species requiring a special management area. The Grantee is responsible for maintaining the project in a way that is current with all DWR regulations and requirements. If the project is found to be in violation of any regulation regarding the management of species within the project, it shall constitute an event of default and may result in the recapture of the grant funds.

- a. The Grantee agrees to make the project accessible to the general public, including compliance with the Americans with Disabilities Act (ADA). No fees or other restrictions shall be prohibitive to the extent that portions of the public at large will not be able to access the project. All fees charged by the Grantee or others in granting access to the project shall be disclosed to the State in writing. The State reserves the right to determine if such fees are considered prohibitive and thus a violation of this paragraph. If a fee is found to be prohibitive to public access the Grantee shall have thirty (30) days to change the fee to be reasonable or this will constitute an event of default and the State may recapture the grant funds.
- b. The Grantee shall notify the State of the public opening date, and upon the public opening of the project, the Grantee shall make every effort to make the public aware of the project's existence with appropriate publicity and marketing. Such publicity can include but is not limited to, a grand opening ceremony, a press release to the local media or social media outlets to appropriately promote the public use of the project.

**2. NATURE OF ENTITY:**

- a. The Grantee is a municipality, county, tribal government, or non-profit corporation classified under U.S. Code § 501(c) and is physically located within the State.
- b. The Grantee is not a for-profit entity; for-profit entities may not receive a Utah Outdoor Recreation Grant.

**4. FUNDING:**

- a) The Awardee shall not receive any award funds until this Contract is fully signed and executed.
- b) Up to 75% of the Contract Amount may be awarded upfront in 25% increments prior to full completion of the Grantee's project. The previous upfront funds must be spent, and documentation submitted before requesting an additional 25% in upfront funds.
  - (i) A project timeline showing expenditures of funds in six- or twelve-month increments must be submitted with an upfront funding request.
  - (ii) A project budget showing the expenditure of upfront funds must be submitted with an upfront funding request. Ex, bids, or quotes showing the need for upfront funding.
  - (iii) Within six months of receipt of 75% of contract funding, backup documentation of expenditures associated with those funds must be submitted to the State.
  - (iv) The remaining 25% of funds are contingent on the completion of the Grantee's project, a final on-site inspection (if applicable), and submission of the Final Report.
- a) In no event shall payments from the State to the Grantee exceed in sum the Contract Amount.
- b) All funds must be spent by the Grantee within the scope of the Grantee's project.
- c) The State will not fund more than 50% of the eligible costs of the project eligible costs. For grant awards exceeding the mini-grant category, the grant recipient shall provide matching funds based on an algorithm that takes into account the total population of the county as well as per capita income; 20%-50% of the project's eligible costs.
- d) At least 50% of the Grantee's required matching funds must be paid in cash.

8. **EVALUATION:** The State reserves the right to conduct an independent evaluation of the use of the grant funding and the activities covered by this contract, including achievement of goals and benchmarks, location of the Grantee, and achievement of outcomes and economic development. Such evaluation may employ qualitative as well as concrete measures of outcomes. The State reserves the right to engage consultants or others to carry out this evaluation. ## **Attachment C: Scope of Work**

In 2022, Santaquin City started developing our first Trailhead up Santaquin Canyon. This trailhead just 1 mile outside Santaquin boundaries was the start of what is called "Prospector View Park". In less than 2 years we've constructed over 8 miles of trails leading north and south of the trailhead and connected to another 3 miles of existing trails. We constructed a bridge over Summit Creek on the south side of the Santaquin Canyon Road. The Trailhead includes parking, restrooms, picnic areas, information kiosk and solar lights. The overall project has worked with many partners including: US Forest Service (NEPA), State of Utah (DWR), Utah County, Private landowners, local mountain biking team "Nebo Goats", Santaquin City and many volunteers. The beauty of the project has been the teamwork of nearly 2,000 volunteer hours in developing and maintaining the new trails. Multiple mini excavators and other equipment has been donated in developing Prospector View Park. Thru this process our Mayor Dan Olson has had a vision, not just of a place that people visit, but a place for families to gather, a place for all ages to enjoy. The park currently provides access for mountain biking, hiking, family picnic areas, photography, winter sports and more. The plan for a "Bike Skills Park" with Beginner, Intermediate and Advanced lines, located right next to the trailhead parking lot was envisioned. This Bike Skills Park will become a great gathering space for Santaquin Residents and a regional destination for those close by due to the close proximity to I-15 Interstate.
