WHEREAS, the governing bodies of the School District and the City have by resolution agreed to adopt this Agreement to provide for the joint and cooperative action contained herein.

NOW, THEREFORE, be it mutually covenanted and agreed as follows, each of the parties accepting as consideration for this Agreement the mutual promises and agreements of the other:

**SECTION ONE**

This Agreement shall be effective on the date it is signed by the parties, and shall continue for a period of up to fifty (50) years, unless sooner terminated as provided herein.

**SECTION TWO**  
**ADMINISTRATIVE ENTITY**

The School District and City do not contemplate nor intend to establish a separate legal entity under the terms of this Agreement. However, the parties agree to establish a six (6) member Joint Governance Committee (the "Committee") comprised of the following individuals: (a) Nebo School District Coordinator of School Services, or his/her designee; (b) Nebo School District Director of Operations, or his/her designee; (c) Nebo School District Legal Counsel, or his/her designee; (d) Santaquin City Manager, or his/her designee; (e) Assistant Santaquin City Manager / Community Development Director, or his/her designee; and (f) Santaquin City Recreation Manager, or his/her designee. This Committee shall meet as necessary and shall, in addition to any other duties and responsibilities set forth in this Agreement, establish usage guidelines and rules,

scheduling procedures, supervision and security, custodial duties, and payment of expenses associated with the Facilities, as described herein, subject to the terms and conditions of this Agreement. Governance of the Committee shall be by majority rule. In the event of a deadlock when there is an even division among the members of the Committee with respect to a matter concerning this Agreement, and the Committee members are unable to break the deadlock, the Superintendent of the School District and the City Mayor shall mutually cast a final vote to break the deadlock.

**SECTION THREE**  
**PURPOSE**

This Agreement is established for the purpose of sharing the use and maintaining the School District's Facilities and the City's Facilities located in or about Santaquin, Utah, in conjunction with the School District's classes, programs, athletic teams, activities, and events, including community school classes and programs; and the City's classes, programs, activities, and events, including city recreation teams and programs, and to set forth the respective duties and responsibilities of the School District and the City in conjunction therewith. Exhibit "A" attached hereto contains a list of the various School District Facilities along with the authorized uses, responsibilities, services and considerations of the City. Exhibit "B" attached hereto contains a list of the various City Facilities along with the authorized uses, responsibilities, services and considerations of the School District.

**SECTION FOUR**  
**USE AND SCHEDULING OF FACILITIES**

**A. School District Facilities:** The School District shall have the exclusive use of its buildings, properties, and facilities (the "School District Facilities") during school hours and during school related classes, programs, athletic teams, activities, and events, including community school classes and programs. At other times when the School District Facilities are not being used by the School District, the School District may schedule the use of the School District Facilities for appropriate City classes, programs, activities, and events, including city recreation teams and programs. The City acknowledges and agrees that the School District may allow other individuals and entities to generally schedule up to six (6) months in advance for use of the School District Facilities in accordance with Nebo School District's School Facility Use Policy #KA. The specific City classes, programs, activities, and events shall be pre-approved by the Committee to assure that such activities are proper and compatible with the School District Facilities, and in compliance with applicable School District policies, procedures, and directives. All scheduling and access arrangements for the use of the School District Facilities shall be coordinated through the respective school principals. The City may schedule dates and times for the use of the School District Facilities up to one (1) year in advance by using a School District form requesting use of School District Facilities. To the extent legally and reasonably possible, the School District shall give the City second priority in scheduling the use of the School District Facilities (subsequent to the School District who has first priority). However, as with any scheduling of the School District Facilities, whether by the City or other individuals or entities, school related classes, programs, activities, and events will take precedence. Emergency or unforeseen circumstances that require the use of the School District Facilities by the School District, as determined to be in the best interests of the School District, will take precedence over any prior scheduling by the City or any other individuals or entities. In the event the City disagrees with the School District's determination that there is an "emergency or unforeseen circumstance" which has taken precedence over the City's prior scheduled use of the School District Facilities, the City shall attempt to resolve the issue with the School District at the lowest level possible beginning with the school principal and continuing up to the Superintendent of the School District. Use of the School District Facilities by the City shall be in accordance with all the terms, conditions, rules, and regulations set forth in Nebo School District's School Facility Use Policy #KA, which policy is incorporated fully herein and made a part of this Agreement. The

City's use of the School District Facilities shall also be in accordance with the reasonable rules, regulations, and directions imposed by the school administrators and/or custodians. Upon giving reasonable prior notice to the City, the School District may prohibit the use of any of its Facilities in the event the Facility is in need of maintenance, repair, or restoration; the physical condition of the Facility is unsafe for the intended activity(ies); or for any other reason relating to the condition of the Facility deemed to be in the best interests of the School District as determined in its sole and absolute discretion. In consideration of the services and expenditures provided by the City for the use of the School District Facilities as set forth in Exhibit "A" hereto, there will be no rent charged for the City's use of the School District Facilities. However, if necessary and applicable with the use of the School District Facilities, the City shall be responsible to pay any and all costs for the employment of school personnel, such as supervisors, custodians, technicians, and food service workers. The City shall be entitled to use the School District Facilities subject to the following conditions:

1. The City shall comply with all applicable federal, state, and municipal laws, ordinances, and regulations.
2. The City shall not commit or suffer to be committed any destruction or damage, beyond reasonable wear and tear.
3. The City shall not commit or suffer to be committed any public or private nuisance.
4. The City shall maintain the School District Facilities in a reasonably clean and safe condition.

**B. City Facilities:** The City shall have the exclusive use of its buildings, properties, and facilities (the "City Facilities") for city related classes, programs, activities, and events, including city recreation teams and programs. At other times when the City Facilities are not being used by the City, the City may schedule the use of the City Facilities for appropriate School District classes, programs, athletic teams, activities, and events, including community school classes and programs. The School District acknowledges and agrees that the City may allow other individuals and entities to generally schedule up to six (6) months in advance for use of the City Facilities in accordance with its policies and procedures. The specific School District classes, programs, athletic teams, activities, and events shall be pre-approved by the Committee to assure that such activities are proper and compatible with the City Facilities, and in compliance with applicable City policies, procedures, and directives. All scheduling and access arrangements for the use of the City Facilities shall be coordinated through the City Recreation Manager. The School District may schedule dates and times for the use of the City Facilities up to one (1) year in advance by using a City form requesting use of City Facilities. To the extent legally and reasonably possible, the City shall give the School District second priority in scheduling the use of the City Facilities (subsequent to the City who has first priority). However, as with any scheduling of the City Facilities, whether by the School District or other individuals or entities, city related programs, activities, and events will take precedence. Emergency or unforeseen circumstances that require the use of the City Facilities by the City, as determined to be in the best interests of the City, will take precedence over any prior scheduling by the School District or any other individuals or entities. In the event the School District disagrees with the City's determination that there is an "emergency or unforeseen circumstance" which has taken precedence over the School District's prior scheduled use of the City Facilities, the School District shall attempt to resolve the issue with the City at the lowest level possible beginning with the City Recreation Manager and continuing up to the City Manager. Use of the City Facilities by the School District shall be in accordance with all the terms, conditions, rules, and regulations set forth in City's Facility Use Policy, which policy is incorporated fully herein and made a part of this Agreement. The School District's use of the City Facilities shall also be in accordance with the reasonable rules, regulations, and directions imposed by City supervisors. Upon giving

reasonable prior notice to the School District, the City may prohibit the use of any of its Facilities in the event the Facility is in need of maintenance, repair, or restoration; the physical condition of the Facility is unsafe for the intended activity(ies); or for any other reason relating to the condition of the Facility deemed to be in the best interests of the City as determined in its sole and absolute discretion. In consideration of the services and expenditures provided by the School District for the use of the City Facilities as set forth in Exhibit "B" hereto, there will be no rent charged for the School District's use of the City Facilities. However, if necessary and applicable with the use of the City Facilities, the School District shall be responsible to pay any and all costs for the employment of City personnel, such as supervisors, custodians, and technicians. The School District shall be entitled to use the City Facilities subject to the following conditions:

1. The School District shall comply with all applicable federal, state, and municipal laws, ordinances, and regulations.
2. The School District shall not commit or suffer to be committed any destruction or damage, beyond reasonable wear and tear.
3. The School District shall not commit or suffer to be committed any public or private nuisance.
4. The School District shall maintain the City Facilities in a reasonably clean and safe condition.

School District Facilities:** The School District shall be responsible to hire and pay for all custodial and maintenance services associated with the operation, maintenance, and repair of the School District Facilities. In addition, the City shall, as necessary and appropriate, provide and pay for custodial and maintenance services as a result of the City's use of the School District Facilities. In the event a City activity or event creates an extraordinary or excessive amount of Facility clean-up which then causes the School District to incur additional custodial and maintenance costs above and beyond normal duties, the City agrees to be responsible to reimburse the School District for said custodial and maintenance costs which are incurred as a direct result of the City's use of the School District Facilities. Such additional custodial and maintenance costs shall be mutually determined by the City Manager or his/her designee and the School District Coordinator of Operations or his/her designee. In the event the foregoing individuals are unable to mutually agree upon the additional custodial and maintenance costs, the matter shall be presented to the Committee for a decision in accordance with the procedures set forth in Section Two of this Agreement. Such additional custodial and maintenance costs shall be mutually determined by the City Manager or his/her designee and the School District Coordinator of Operations or his/her designee.
